Microsoft 365 Cloud	*C#*	*Scrum*	*CI/CD*
Security DevOps	*JavaScript*	*Agile*	*NodeJS*
Migration	*Business Analytics*	*Software Design*	*Jquery*
	Project Management	*HTML / HTML5*	

Here at rockITdata we offer multiple options for talent acquisition:

Permanent Placement – If direct hire is what you're looking for, our team is highly skilled at finding the right candidate that meets your budget. We will manage the entire process start to finish while recruiting the best candidates in the market. Once you identify the professional you'd like to hire, we will facilitate the onboarding process. You do not pay a dollar until you make a hire. Our rebate policy helps protect you to ensure a good investment.

Temp to Perm – Would you like to try before you buy? Temp to perm might be the right option for you. Candidate can join your team on an hourly basis until you're ready to bring them on full time.

Contract Placements – Our team has established relationships with top tier contractors in the market ready to go for your project-based work. Many of these candidates have worked on projects for us previously, we know them, and we trust them. For those niche, hard to find roles, our team is trained to identify, qualify, and manage in-budget, top talent that is best suited for your project.

Sub-Contract Teaming – Have Social Economical requirements for a government contract? rockITdata holds multiple certifications and social economical designations to allow you to take credit when we provide staffing resources through teaming agreements.
